MEMORANDUM FOR: Director of Central Intelligence

VIA : Deputy Director of Central Intelligence

FROM : Cord Meyer, Jr., SA/DDCI

SUBJECT : Proposed Letter to President Bok Re Harvard Guidelines

1. I have redrafted the letter to President Bok of Harvard as proposed in your notes on our suggested draft. I have taken the liberty of making the following changes in your language:

In the last sentence of page 1, I have changed "five of your six guidelines" to read "four of your six guidelines" in the interest of accuracy.

In the first subparagraph on page 2, I have added after "appropriate" the word "senior" in order to conform with the exact language of Executive Order 11905.

In the second subparagraph on page 2, I have omitted reference to "other intelligence agencies" since we don't know what their practices are

In the third subparagraph on page 2, I have added "faculty and staff" in order to make clear that students are not included in this restriction.

In the second line of the main paragraph on page 2, I have added "individual" for the sake of clarity.
